

Automatic Double Mitre Saws

If you're after fast and accurate cutting, a double mitre saw is the way to go. We have an extensive range of double mitre saws to suit your requirements. From manual to full CNC machines. From 400mm up to 600mm dia blades. All with adjustable hydraulic feed, two hand safety operation, spraymist blade lubrication, horizontal and vertical clamps ensure your material is cut right the first time. Reduce time and waste with a computerised double mitre saw.

- Our Automatic saws feature;
- 1) Manual cutting
 - 2) Auto feed repetitive cutting
 - 3) Download your cutting list via Ethernet, WiFi or USB
 - 4) Import in Microsoft mdb or csv Format

Part Number	Equipment Description	Price Ex GST
KD 402	400mm blade, Cut capacity 138mm high, 205mm wide @90°, 145mm wide @45°	\$ 17,900.00
DC 421MS	420mm blade, 2.2kW motors 415V	Manual \$ 21,900.00
DC 421PS	Cut capacity 268mm high x 158mm wide @90° 192mm high x 158mm wide @45°	PLC Controller \$ 34,900.00
DC 421PBSU		CNC Controller \$ 39,900.00
DC 550MS	550mm blade, 3.0kW motors 415V	Manual \$ 36,900.00
DC 550PB	Cut capacity 365mm high x 200mm wide @90° 262mm high x 200mm wide @45°	PLC Controller \$ 59,900.00
DC 550SK		CNC Controller \$ 69,900.00
600TSP	600mm blade, 3.0kW motors 415V	PLC Controller \$ 89,900.00
600TSE	Cut capacity 330mm high x 225mm wide @90° 230mm high x 225mm wide @45°	CNC Controller \$ 99,900.00

Part Number	Optional Accessories	Price Ex GST
DM525A	Swarf extraction kit with integrated auto start	\$ 1,590.00
CK 6000	Infeed Conveyor	\$ 990.00
